

**Nicole Johns, MPH, Research Analyst.** Nicole Johns is a Research Analyst for the Evaluation of Abortion Restrictions project at ANSIRH, examining the impacts of legal restrictions on abortion access and care within the United States. She brings a background in global and domestic quantitative health research, previously working in hospital and academic settings on studies regarding health metrics, health outcomes, healthcare costs, patient satisfaction, and economic and health disparities. She holds an MPH in Global Health from the University of Washington and a BA in Sociology from Dartmouth College. Ms. Johns believes strongly in creating and conveying rigorous evidence for policy and practice and is passionate about making reproductive health information and services available and accessible. 510-986-8928.
