

Outpatient later abortion services (22+ weeks) and restrictions, July 2012

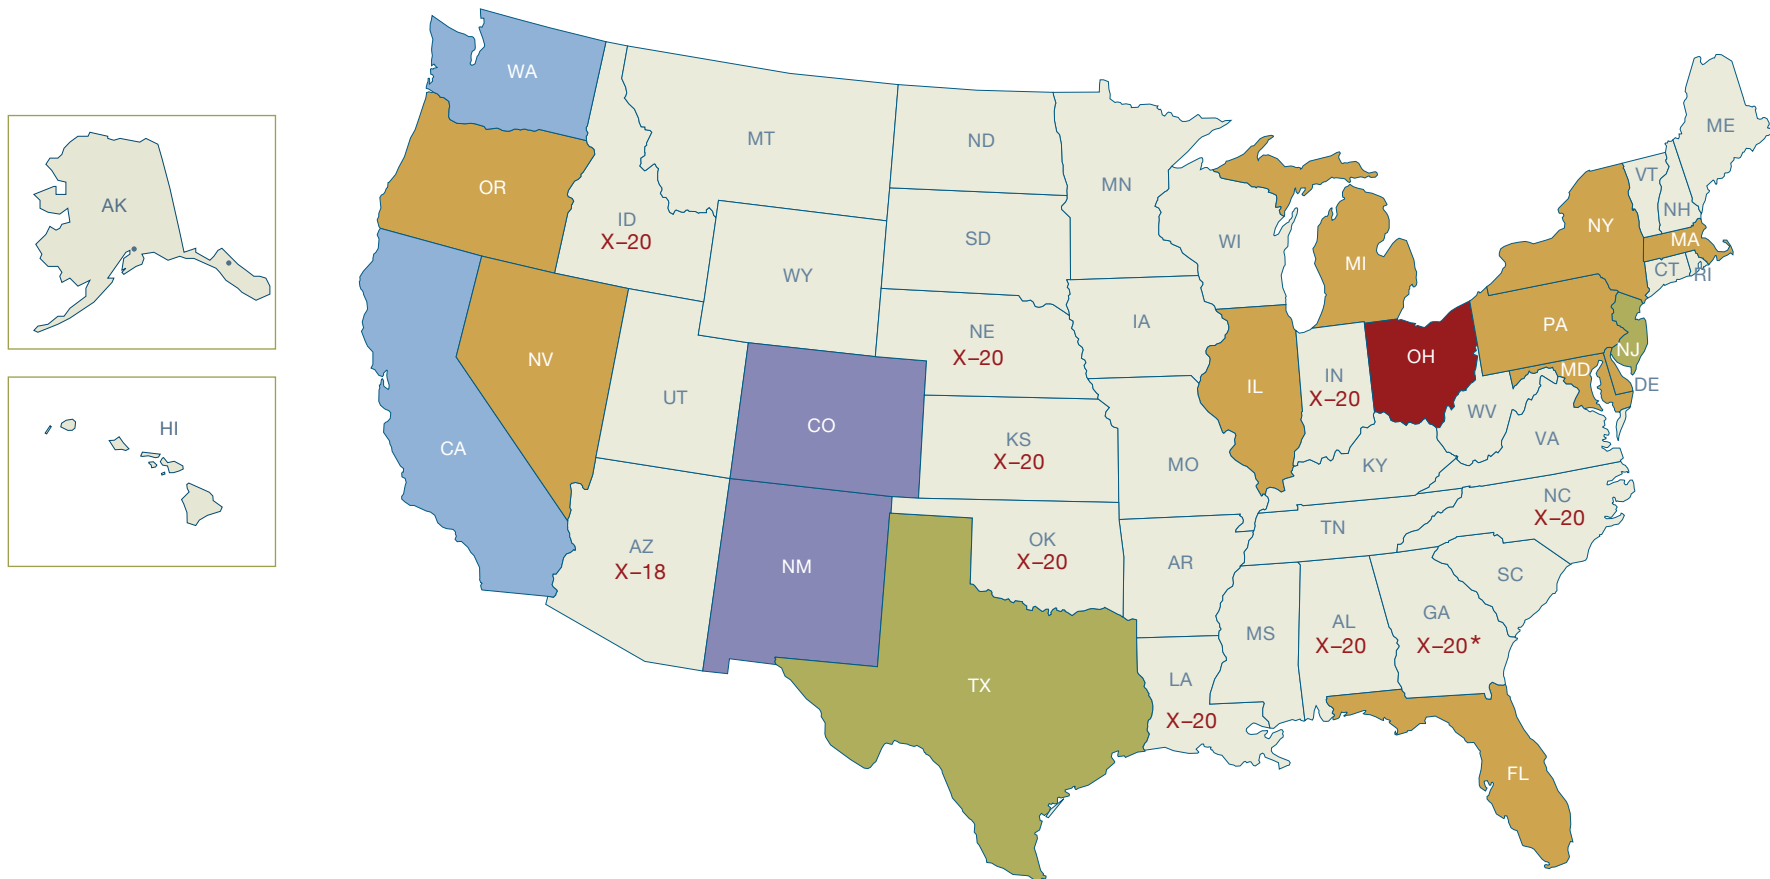

(Services available in the absence of maternal or fetal indicators)

■ No outpatient services after 22 weeks
 ■ Up to 22 weeks/6 days
 ■ Up to 23 weeks/6 days
■ Up to 24 weeks/6 days
 ■ Up to 26 weeks
 ■ After 26 weeks

X Ban on ALL later abortions except to save life of mother. The number following the X in each case indicates the number of weeks of gestation after which the ban applies.

***** Georgia ban goes into effect in January 2013.

A comparison with the 2010 map below shows the dramatic decline in services between 2010 and 2012. Map is current as of July 17, 2012.

(Services available in the absence of maternal or fetal indicators)

Map is current as of February 27, 2010.
